

RHCBC Community Services Math Improvement Class

數學提升班

Grade 11 and 12 (Advanced Functions)
Video-based Learning + Follow-up Online Tutoring

Purpose:

- To help students build a solid foundation in Math.

Approach:

- The tutoring will be delivered through a **Blended Model of Learning**, which is the integration of a **self-directed learning through videos on EDUinfuture website** (www.eduinfuture.com) and a 30-minute **one-on-one interactive online tutoring** session. Students can have access to the website to review the contents at any time.

The website works well with mobile phones, tablets, laptops, and desktops

(The learning materials on the website are developed by two experienced teachers with Master's Degrees in relevant fields.)

Instructors:

- Silver Lau: Experienced High School Teacher; BSc, Dip Ed, Dip C Sc, MEd
- Ida Lau: Experienced High School Teacher; BSc, Dip Ed, MSc

Organization	Richmond Hill (Chinese) Baptist Church 黎明山華人浸信會 Website: www.rhcbc.org

RHCBC Community Services Math Improvement Class

數學提升班

Grade 7 to 10

Interactive Math Online Tutoring

Purpose:

- To help students build a solid foundation in Math.

Approach:

- **One-on-one** tutoring for 30 minutes
- Most of the time, the student and the teacher are **working on the same file** via the internet so that teacher can give remarks to the student as if the teacher were sitting beside the student, helping the student to do exercises.

Equipment and others:

- Cell phone with WhatsApp installed
- Digital pen for desktop computer or for cell phone
- Laptop or desktop computer
- Gmail address and Cell phone number

(The learning materials are from the website www.eduinfuture.com, which are developed by two experienced teachers with Master's Degrees in relevant fields.)

Instructors:

- Silver Lau: Experienced High School Teacher; BSc, Dip Ed, Dip C Sc, MEd
- Ida Lau: Experienced High School Teacher; BSc, Dip Ed, MSc
